

## CHILD PROTECTION BINGO

### INSTRUCTIONS

This digital BINGO game encourages players to take action in prevention and provides the added bonus of engagement on your social media channels.

First, send one of the cards as a digital download to all your participants. You can do this through email or social media. To win, players need to mark the card spaces that they have completed, and share a photo of their cards. Make sure they tag your organization and use the hashtag [#fivesaysofaction](#). Use the honor system!

You can provide it as simply a fun activity of choice or offer an incentive to play. For incentive, think about adding in a special prize drawing for anyone who completes BINGO and shares it on social media.

To give players enough time to complete the squares, consider launching the game prior to the Five Days of Action and/or extending the game until the end of the month or beyond.

There are many ways you could creatively engage your audiences with this game, so we leave the particulars up to you. Make it your own!

## CHILD PROTECTION BINGO

<p>Create a Facebook fundraiser for a child abuse charity</p>	<p><u>Prepare a fun, safe, summer camp experience for the kids in your life</u></p>	<p><u>Create your own Family Code of Conduct</u></p>	<p>List 3 ways you'll commit to CSA prevention year-round</p>	<p><u>Tell the children in your life you are a safe adult</u></p>
